FUND DESCRIPTION

This medium to high risk fund is a mix of assets such as bonds, equities and property. It features several risk management strategies and may invest in cash from time to time. It aims to have a relatively high exposure to high risk assets such as equities and property. Irish Life monitors and rebalances the fund regularly and may change the asset mix over time. The benchmark performances and returns reflect the long term (5 to 7 years) expected fund returns, which is cash deposit rates plus 4.5% pa. This timeframe is likely to capture a full market cycle. Cash deposit rates previously measured by the Euro Over Night Index Average are measured by the Euro Short Term Rate from January 2022. This is not guaranteed and the fund can experience negative returns.

The assets in this fund may be used for the purposes of securities lending in order to earn an additional return for the fund. While securities lending increases the level of risk within the fund it also provides an opportunity to increase the investment return. Part of this fund may borrow to invest in property. Non euro currency exposures may be fully or partly hedged back to euro to reduce foreign currency risk.

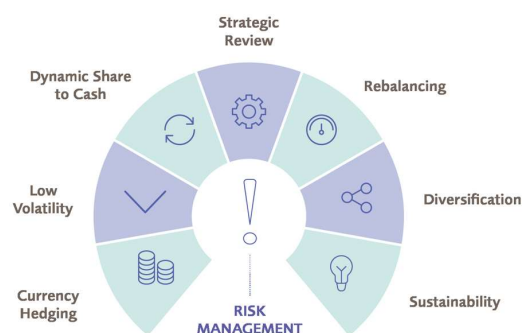

This fund is provided by Irish Life Assurance plc and is managed by Irish Life Investment Managers Limited.

Warning: This fund may be affected by changes in currency exchange rates.

Fund returns are quoted before taxes and after a standard annual management charge of 0.29%. Annual fund management charges are calculated and deducted based on the offer price of the fund. The unit price and value of the fund are always quoted after an allowance has been made for the fund management charge. There is no Bid/Offer spread.

Launch Date (for the series used in the above performance illustration) = 10 Dec 2021; YTD = year to date; p.a. = per annum

Benchmark: The standard against which the performance of the fund is measured. It typically includes market indices or weighted combinations of these as appropriate.

Warning: Past performance is not a reliable guide to future performance.

Warning: The value of your investment may go down as well as up.

RESPONSIBLE INVESTING KEY CHARACTERISTICS

RESPONSIBLE INVESTMENT APPROACH

In line with the overall fund objective, the fund targets investment in strategies which help contribute to achieving its sustainability goals.

This involves selecting strategies which exclude or reduce exposure to companies with poorer sustainability characteristics and increasing exposure to companies with better sustainability characteristics. Sustainability characteristics are also considered in the selection of property and alternative funds.

OVERALL ESG RISK RATING

The Environmental, Social & Governance (ESG) Risk Rating measures the degree to which a company's economic value is at risk due to not considering ESG factors using a calculation of the company's unmanaged ESG risks.

*A lower score indicates a lower level of unmanaged ESG risk and potential risk to the economic value.

ENVIRONMENTAL, SOCIAL & GOVERNANCE RISK SCORE

RISK SCORE*	FUND	MARKET BENCHMARK
Overall	20.4	22.2
Environmental	3.9	4.7
Social	8.8	9.6
Governance	7.4	7.8

CARBON INTENSITY

Carbon intensity is a metric used to compare company emissions across industries. The absolute emissions is divided by total earnings with the figure expressed in tonnes of carbon dioxide equivalent per million USD of total earnings.

FOSSIL FUEL

Fossil Fuel Involvement measures the percentage of earnings that companies get from thermal coal extraction, coal-based power generation, oil and gas production, oil and gas based power generation, and oil and gas related products and services.

Note: ESG risk scores and carbon metrics are currently calculated for Shares and Corporate Bonds only.

ACTIVE OWNERSHIP

We recognise and adhere to the principle of active ownership and exercise the right to vote on issues submitted for shareholder vote.

Our active engagement policy promotes constructive engagement with investee companies to promote strong corporate governance and effect positive change relating to identified environmental, social and governance issues
