

Communication systems and technologies to meet individual needs

Jacques Denies

School technology Innovation Center, Brussels

Appropriate use of ICT remains at the heart of our vision...

We see the world as an enriched learning environment in which pupils, teachers, and education institutions can fully realize their potential

The landscape of the modern educational environment has changed...

Relevant Experiences

Personalized Learning

Streamlined Workflow

Parental Involvement

21st Century Goals

Student Achievement

Communication systems and technologies to meet individual needs

Technology Overview

- *Live@edu and Shared View*
→ *secured communication and collaboration*
- *OneNote*
→ *taking notes* → *sharing* → *assisting*
- *Live Meeting – video conference*
→ *distance learning*

Microsoft® Live@edu

- ***A suite of services hosted by Microsoft***
- ***10 GB Outlook email, client and OWA (Outlook Web Access)***
- ***25 GB of virtual hard disc (Skydrive) and collaborative Workspace***
- ***School domain name and co-branding***
- ***Customised UI***
- ***Students keep their address after they leave***
- ***Complimentary and low-cost options***

Microsoft®

Live@edu

Your own digital ecosystem

Alerts

Office Live
Workspaces

SkyDrive®

Shared View

And more live
services to come...

Microsoft
Your potential. Our passion.™

Find out more

- Outlook mail (10 GB) → <http://www.outlook.com>
- Skydrive → <http://skydrive.live.com>
- Workspaces → <http://workspace.office.live.com>
(a total of 25 GB storage, mail excluded)
- ... and much more (e.g. Shared View)

Basically browser oriented

(Internet Explorer, FireFox, Safari, Opera)

Demo (mainly Shared View)

Microsoft
Your potential. Our passion.™

Live Meeting

- Distance learning e.g. sick at home
- Sharing presentations, forms, polls, programs, whiteboard, desktop
- Speaker control
- Integrated chat → Q&A
- Sound and video
- Recording
- Invitation connected to Outlook Calendar

Demo

OneNote

- Structured: books, sections, pages
- Integrated search engine
- Intuitive – just insert where you want
- Insert whatever source you want
- Easy to (live) share

Demo (sharing – peer coaching)

Thank You

Any questions?
