National Federation of Voluntary Bodies

Secretariat Service Plan 2016

- Implementation of National Policy & Legislation
- Quality, Standards & Innovation
- Human Resources/Employee Well-Being & Development
- Governance & Finance
- Information Sharing
- Engagement with External Stakeholders
I am very happy to present the National Federation of Voluntary Bodies’ Secretariat Service Plan for 2016.

As we enter into a new year the environment for service providers remains very challenging. Years of under-investment in the sector, combined with the moratorium on recruitment and successive years of cuts in core funding, together with the costs of compliance with the HIQA Regulations / Standards in Residential Disability Services have left many services in a situation where they are struggling to cope.

The need for a strong, cohesive and united National Federation has never been greater. The actions set out in this Service Plan are mindful of this fact and are designed to support the achievement of this objective.

Similar to last year our Service Plan contains a comprehensive and extensive range of actions, some a continuation of actions commenced in 2015, others new to address emerging challenges arising in a 2016 context. All have been divided into 6 distinct areas as follows:

- Implementation of National Policy and Legislation;
- Quality, Innovation and Standards;
- Human Resources, Employee Wellbeing and Development;
- Governance and Finance;
- Information Sharing;
- Engagement with External Stakeholders.

Some new and existing highlights which will receive attention during 2016 are:

- Assisted Decision Making (Capacity) Act 2015;
- Housing for People with Intellectual Disabilities;
- Safeguarding Vulnerable Persons at Risk of Abuse;
- Interim Standards for New Directions;
- National Guidance on Restrictive Practices;
- HIQA Regulations / Standards;
- General Election 2016.

The achievement of the objectives set out in the Service Plan will, as always, require the full support of, and guidance of, our various Sub Committees and Task Groups and I want to express my gratitude to each member of the Sub Committees and Task Groups in advance.

I want to say a big thank you to each member of my team who put a lot of work into the development of the Service Plan 2016 and who are fully committed to the achievement of the ambitious goals set out.

Brian O’Donnell,
Chief Executive.
